***Relax and enjoy a cup of hot tea!***

### **Alpine Berry**

We turned to hibiscus, blackberry leaves & orange peel to create this tea. The taste is like a hike in the mountains of Colorado, where we live.

### **Darjeeling**

Strong but sensitive — we like that in a tea. We combine the delicate nature of green tea with the character of black tea. These golden orange pekoe tea leaves are grown on the rolling hill of Darjeeling, India

### **Orange Sencha**

For a twist on a Japanese favorite, we start with whole leaf sencha leaves and add the tang of Italian red oranges. Its a classic green tea that will perk up your taste buds & your mind.

### **Chamomile**

Chamomile flowers have been used for centuries to help with digestion and relax the mind. You will smell a rich apple sent with soft honey notes & a lemon edge. Naturally sweet and relaxing.
